Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Other Non-Revenues flat to 2025 based on current interest rate received on Authority MM accounts

Total Proposed Appropriations for 2026 increased by \$651k or 3.0%. The increase in 2026 proposed Budget excluding Capital and Rehab is mainly due to 28% increase in Health Insurance, 2% in OCUA Treatment costs.

FISCAL YEAR: January 01, 2026 to December 31, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, pilot payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

The Authority only pays the Township of Toms River Appropriation of \$1,116,980 based on required 5% of the Operating Budget. No other funds are transferred to County or Municipality.

5. The proposed budget must not reflect an anticipated deficit from 2025 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

Annual required payments are being raised annually thru our assessments, the Authority plans to continue making full annual payments as they are billed. The Authority plans to have excess revenue over expenses on a GAAP basis in the Audit report and overtime these excess revenues over expenses will increase Unrestricted Net Position.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?
